

Milena Harrison

289-321-3132 | milenaharrison79@gmail.com

Profile

Immigration professional with progressive experience within Immigration, Refugees and Citizenship Canada (IRCC), supporting complex case processing and operational functions across Temporary and Permanent Residence streams, including Work Permits, Study Permits, Parent and Grandparent, Spousal Sponsorship, and Protected Persons applications. Extensive experience in documentation assessment, compliance with the Immigration and Refugee Protection Act (IRPA), and case management within the Global Case Management System (GCMS). Demonstrated strength in information governance, workflow coordination, and providing operational guidance to colleagues in high-volume environments. Recognized for sound judgment, accuracy, and commitment to program integrity and federal service standards.

Work Experience

CASE PROCESSING AGENT (PM-01) | Immigration, Refugee and Citizenship Canada/ RROC
2026- Current

- Conduct pre-assessment reviews of Federal Skilled Worker (FSW) applications to ensure required documentation is complete, accurate, and properly associated with electronic files prior to final decision-making.
- Assess FSW files and analyze supporting documentation to determine whether program requirements are met, documenting findings and recommending "Pass" or "Review Required" for officer consideration.
- Identify missing information, discrepancies, inconsistencies, or concerns requiring additional documentation or further officer review.
- Apply applicable legislation, regulations, policies, procedures, and program delivery instructions when reviewing applications and making case recommendations.
- Prepare and issue requests for additional, updated, or expired documentation and monitor responses to support continued processing.
- Record assessment findings, case notes, recommendations, and processing actions accurately in GCMS.

- Upload, classify, and maintain documentation in GCMS, ensuring the accuracy and integrity of electronic case records.
- Prepare and send correspondence to applicants and authorized representatives regarding outstanding documentation and application requirements.
- Escalate files requiring additional review while ensuring cases are complete, organized, and ready for final decision-making.

Information Management Support Analyst (Acting) | Immigration, Refugee and Citizenship Canada

2025- 2026

- Provide IM {Information management) support to employees using SharePoint and GCDocs.
- Administer and maintain groups and permissions in both GCMS {Global case management System) and GCDocs.
- Assess and prioritize service requests, implementing timely resolutions to support operational continuity.
- Communicate legislative and procedural information to clients, ensuring accuracy, consistency, and alignment with IRPA and departmental standards.

Program Assistant | Immigration, Refugee and Citizenship Canada

2023- 2025

- Entered and maintained accurate case data within GCMS and related systems, ensuring integrity of client records and audit readiness.
- Reviewed and verified supporting documentation for authenticity, completeness, and compliance prior to referral for officer decision.
- Coordinated inbound and outbound correspondence in accordance with departmental service standards and confidentiality requirements.
- Processed and validated information across multiple automated platforms, identifying and resolving data discrepancies as required.
- Supported international lines of business by facilitating timely file movement and ensuring operational continuity.
- Contributed to workflow efficiency improvements through consistent adherence to quality assurance standards and procedural best practices.
- Distributed daily application files to team members to support efficient workflow and timely case processing.

CASE PROCESSING CLERK (PM-01) | Immigration, Refugee and Citizenship Canada/ CPCM

2021- 2023

- Prepared and organized application files, including document classification, digitization, and nightly reporting in accordance with operational procedures.
- Entered and updated case information in GCMS, ensuring accuracy and integrity of electronic records.
- Managed inbound and outbound correspondence in compliance with departmental service standards and confidentiality requirements.
- Retrieved, classified, and maintained electronic and physical documentation in accordance with information management protocols.
- Provided administrative support to officers to facilitate timely and accurate case processing.
- Delivered onboarding support and task-based training to new employees on office procedures and system use.
- Coordinated preparation and shipment of sponsorship files to partner offices, ensuring proper documentation

and tracking.

- Served as a team resource for Parent and Grandparent, Spousal Sponsorship, and Protected Persons applications, supporting colleagues in applying documentation standards and processing procedures.

TAXPAYER SERVICES AGENT (SP-04) | Canada Revenue Agency (CRA)

2021- 2023

- Responded to high-volume taxpayer inquiries within a contact center environment, providing accurate guidance on income tax filings and CRA-administered programs.
- Interpreted legislation, policies, and procedural guidelines to resolve complex taxpayer issues and complaints.
- Conducted research using internal and external databases to analyze accounts and determine appropriate resolutions.
- Gathered and verified financial information to assess inquiries and ensure accurate account updates, including payment reconciliation.
- Utilized multiple government systems and applications to document interactions and maintain accurate records.

OPERATIONS SUPPORT CLERK | Wilso International

2013- 2021

- Prepared and processed customs documentation for goods entering Canada, ensuring compliance with regulatory requirements.
- Entered and verified billing and shipment data within internal systems, maintaining accuracy and completeness of records.
- Coordinated with drivers and internal teams to facilitate timely submission of required documentation.
- Responded to inquiries regarding shipment status and documentation requirements, providing clear procedural guidance.
- Maintained organized electronic and physical records to support operational efficiency and audit readiness.
